[Climate Change Sockeye Salmon Bristol Bay Alaska Conceptual Model Meeting 08102012.pptx](#)

Dear Tami,

Below is the introduction email with materials for the meeting on Friday.

Please feel free to forward this email to whomever you think would be interested in attending on Friday morning.

Thank you so much,  
Rebecca

-----  
I am an AAAS fellow hosted by the EPA, and looking into climate change impacts on sockeye salmon in Alaska. Joe Ebersole, of the EPA, and I have been working on a conceptual diagram and literature review of climate change impacts on sockeye salmon in Bristol Bay. We are putting together a meeting in Anchorage for Friday August 10.

We are organizing a meeting to discuss climate change impacts on sockeye salmon, and we are inviting those of you with expertise in this area. We are hosting a meeting on Friday, and hope that you would be available to provide feedback on the work we have done thus far. Would you or someone from your group be interested in meeting with us on Friday August 10? There is a group getting together from 9am-12 pm on Friday August 10, and I really hope that you are able to join the discussion. If you have any questions or want to talk a bit, please feel free to contact me. I look forward to hearing from you.

Sincerely,  
Rebecca
